

## DAUCUS CAROTA QIS® DARA

code: 2360.11200

1. Variety name : Daucus carota Qis® Dara  
2. Family name : Apiaceae  
3. Description :  
Red flowering (umbel) for professional use as cutflower with strong upright stems.
4. General :  
a. colours : Red  
b. height : 80-100 cm  
c. life cycle : annual  
d. seedcount : 900 sds/gram  
e. time sowing to flowering : 12-16wkn  
f. garden/ cutflower : cutflower  
g. hardiness zone : 10-13
5. Sowing instructions :  
a. method : direct seeding; tray  
b. seed quantity or seeds/m<sup>2</sup> : 60-80sds/m<sup>2</sup>, planting 32pl/m<sup>2</sup>  
c. sowing depth : less 1cm  
d. germination time : 3-10days  
e. germination temp. : 10-20°C  
f. sowing schedule :
6. Growing on :  
a. plant distance :  
b. soil : well drained  
c. irrigation : normal  
d. growing temperature : 20°C  
e. diseases/pests :  
f. fertilization :
7. General advice :
